

Political Science | BEYOND COLUMBIA

Studying Political Science prepares me to . . .

Analyze the function and use of political power in theoretical and applied context

Debate issues related to justice, rights, and the relationship between individuals and the state

Evaluate the social implications of policy decisions

Conduct research using qualitative and quantitative methods

Evaluate and apply statistical models and game theory

Craft persuasive and cogent arguments

Communicate ideas, data, and arguments orally and in writing

Develop specialized knowledge in US or comparative politics, international relations, or political theory
